

TAPERED H-SHIELD

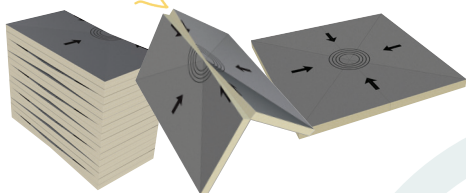

- Tapered H-Shield is a sloped roof insulation panel composed of a closed cell polyisocyanurate foam core manufactured on-line to a fiber-reinforced facer on both sides
- ASTM C 1289 Type II, Class 1, Grade 2 or 3 (GRF)
- Available in Standard and Extended Panel profiles
- Available in 4'x4' standard, 4'x8' special request
- Highest Recycled Content (LEED)
- Most Economical Facer
- Systems:
 - Single-Ply
 - BUR
 - Direct application to steel deck
 - Modified Bitumen
 - Standing Seam

TAPERED H-SHIELD CG

- Tapered H-Shield CG is a sloped rigid roof insulation panel composed of a closed cell polyisocyanurate foam core manufactured on-line to a premium performance coated glass facer on both sides.
- ASTM C 1289 Type II, Class 2, Grade 2 or 3 (CGF)
- Available in Standard and Extended Panel profiles
- Available in 4'x4' standard, 4'x8' special request
- Systems:
 - Single-Ply
 - BUR
 - Direct application to steel deck
 - Modified Bitumen
 - Standing Seam

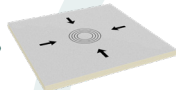

HINGED TARGET SUMP

HINGED TARGET SUMP *8'x8' Hinged Drain Sump*

- Manufactured with Tapered H-Shield and Tapered H-Shield CG, 20 or 25 PSI
- Flat 8'x8' pre-assembled sump
- Ships folded 4'x8'
- Perimeter Edge Thicknesses 1.5", 2", 2.5", 3"
- Pre-cut Hinged Target Sumps save 50% in material and waste costs over field fabricated sumps

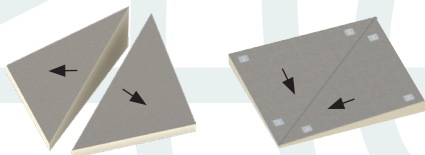

4x4 TARGET SUMP

TARGET SUMP *4'x4' Drain Sump*

- Manufactured with Tapered H-Shield CG 25 PSI only
- Flat 4'x4' pre-assembled sump
- Pre-cut 4x4 Sumps save 74% in material and waste costs over field fabricated sumps

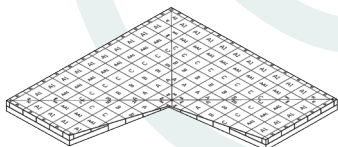

PRE-CUT HIPS AND VALLEYS

- Pre-cut Hips (slope outward) and Pre-cut Valleys (slope inward) are factory produced using two, 4'x4' panels of Tapered H-Shield or Tapered H-Shield CG, cut in half at 45 degrees. Only the two halves required for installation are shipped.
- Manufactured with Tapered H-Shield and Tapered H-Shield CG, 20 or 25 PSI
- Flexibility in design and size: custom designed to meet your job site requirements including slope, minimum and maximum thicknesses. Available in all panels AA-ZZ
- Individually packaged and labeled
- Pre-cut Hips and Valleys save 50% in material and waste costs over field fabricated hips and valleys

EXPERT TAPERED DESIGN SERVICES

The Hunter Panels team will work with you from start to finish to engineer the appropriate tapered design system for your roof configuration and drainage requirements.
